

# COVID-19 AND YOUR BENEFITS

Updated February 25, 2021

Please read below for information related to your Priority Health medical coverage as it pertains to COVID-19.

## About COVID-19

Symptoms include: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea.

Based on currently available information, older adults and people of any age who have serious underlying medical conditions might be at higher risk for severe illness from COVID-19.

### Virtual Visits (For Health Care & Behavioral Care)

**\$0 cost for virtual visits. This coverage has been extended until further guidance is issued.**

Virtual care is recommended for minor symptoms. It allows you to see a doctor without having to leave home and is an alternative to urgent care or the emergency room (ER). Both urgent care and ER locations can become crowded during peak illness periods and generally are more expensive per visit. Virtual care is also a good way to help prevent the spread of infections like COVID-19 and influenza.

### Three ways to connect:

#### Mobile

**Priority Health App**

(must be registered at [priorityhealth.com](https://priorityhealth.com) first)

#### Online

**Priority Health Member Account**

#### Phone

**844-322-7374**

### COVID-19 Testing

**\$0 cost for medically necessary laboratory testing and administration (including office visits, blood draws, or specimen handling).** To be “medically necessary,” the test must be ordered by a physician and you must meet criteria for testing. Covered testing has expanded to include anything deemed necessary by the U.S. Department of Health & Human Services. This could include tests by developers and tests developed under state authorization.

### COVID-19 Treatment

**\$0 cost for COVID-19 related treatment with in-network providers, through September 30, 2021.**

### COVID-19 Vaccine

**\$0 cost for COVID-19 vaccines as they become available.**

### Prescription Delivery

Priority Health members can get **free at-home delivery for a limited time** through CVS, Walgreens, and Meijer pharmacies. Contact your local pharmacy directly to inquire about this service.

If you already have an automatic 90-day refill set up, then no need to change a thing. You get discounted rates and your prescriptions delivered to your home already.

## HEALTH EXPERTS RECOMMEND THE FOLLOWING PRACTICES

**Cover your cough and / or sneeze**

**Wash your hands often with soap and water**

**Clean frequently touched surfaces**

**Stay home if you're feeling sick**

**Avoid close contact with sick people**

**Avoid touching your eyes, nose, and mouth**
