great, they are always pleasant and

## Portage:

- ◆ LaShon Potts at Lake Center. His ability to come into a position where he is a late part time and get everything done without supervision is above awesome!
- ◆ Yesenia at Central Elementary the part time second shift... she shines her rooms like it was the first day of school. Never a complaint from the teachers.
- ◆ Q at Amberly Elementary. He is the only person in that building since the first day of school and no complaints. His attitude is positive and is willing to do what he can with the workload that is placed upon him.
- ◆ Let's not forget Kellie. The district supervisor. She was really out of her element the second week of school when the chaos started. She went Solo while covering the district when Damonte went on Vacation. She had 3 totally empty buildings to cover and a very thin staff to help..and weekend events! She still kept a positive attitude and ensured the buildings would be safe for students and staff.
- ◆ Rey T. From Northern High. He was someone that Kellie could depend on to help her clear the nights. He was able to get his team moving in the right direction and assist her where the shortages were. He kept everyone motivated.
- ◆ Damonte E.... before he went on his vacation, he made sure the portage teams were set up for success. He ensured that teamwork works and without it, the ship would sink. He didn't leave anyone behind and when he came back, things ran smoother.
- ◆ Josie B... without Josie, the weekends would have been hard to cover. She worked Saturday and Sunday to get the buildings caught up for Monday mornings. She covered special events as well without complaints.
- ◆ Alicia and Logan for being flexible to cover the Elementary schools when PPS was not able. They are amazing team players.

Cedar Springs—Blake: Since moving here to our building when school began he has been very helpful! Friday the 10th of September I was attempting to move some rolling racks full of folding chairs in our Campus Kids storage closet. I was unable to budge the racks. When Blake arrived I asked him for help! He was more than willing to help me. He is a kind young man and a gentleman!! I wanted to help move the racks because I felt two people have MORE push power!! Blake asked me to get back because he didn't want me to get pinched between the racks!

Lakeview BC—Austin: He does an amazing job for our athletic department! Anything I ask for, he does with a smile and a great attitude! Please keep him around, we need him!

Farmington—Magon and Devin: We are so fortunate to have them in our building at Lanigan! They are fabulous!

Comstock Park—Jay and Kyle: Our hallway smelled much better today in the third grade wing. Our garbage cans are also working beautifully today, transferring them from morning break-

Comstock Park—Kyle: He stepped up to help make our school sparkle again! Our staff bathroom was clean! Thank you!

Byron Center—Amanda: Amanda on the day shift is always the one who takes care of any requests I have. Today she was sweeping and cleaning our stairway, which I'm certain is supposed to be done by someone else. She is a hard worker, likes to see things done well, and finds it hard to accept when others aren't fulfilling their responsibilities.

Vicksburg—Jesse and Wyatt: I just wanted to say that Jesse has been doing a great job as our day time custodian. He's staying on top of all his "normal" duties, and extremely responsive when we have the unexpected spill or mess that needs to be addressed. In addition, he's still doing those "extra" cleaning things like removing marks in the hallway, and cleaning touch areas throughout the day. We really appreciate having him as our daytime custodian! As for Wyatt, he continues to be the "rock" of the custodial crew and continues to perform at a high level everyday.

# Happy Birthday!
